FOR PRESIDENT,

OF NEW YORK.

FOR VICE PRESIDENT,  
**Thos. A. Hendricks,**  
OF INDIANA.

**Business Notice.**

Mr. George Warren has sole authority to collect any subscription amounts for the **HICKMAN COURIER**, due to me. Jno C. Wilson.

GRANT polled 6,069 votes in this Congressional District, but that does not make it certain that Henry Houston can. Grant was a Federal soldier, and Henry an ex-confederate.

pointed United States Senator to fill the vacancy caused by the resignation of Mr. Morrill, who has exerted upon the discharge of his duties as Secretary of the Treasury.

The Democrats have no hope of carrying Ohio, and no great hope of carrying Indiana, in October. Hence these elections will not play so important a part in this as in previous Presidential elections.

Sixty-Two, the ex federal soldier, has mounted the stump for Tilden, and Houston, the ex rebel soldier, is out for Congress on the Hayes ticket, but would he do to let Tie mount Houston?

HENRY HOUSETON, it is said, has no idea of being elected to Congress, but if that fellow keeps up his running, and the Democrats keep up their divisions, before another century, he will shake up some fine November morning "M.C."

The Republicans of this District are divided, worse if anything than the Democrats. They can vote 6,000 for Grant, but in local elections they can be beaten. But, then it should be, is there any danger?

The Senate of Texas has passed a bill requiring that no man shall cast a "juryman" in that State, who cannot read and write the English language. There were but six dissenting voices.

GRANT polled 6,004 votes in this congressional district, but that does not make it certain that Henry Houston can. Grant was a Federal soldier, and Henry an ex-confederate. His cause is lost.

Two people are opposed to bringing up issues or war records into campaign. That's right, let the Bloody Kansas be bridged. In the bubble, reputation can only be obtained at any more democratic house. Whatever objection may be held to Turner or Boone, or any other democrat, all democrats will prefer the election of either to a Republican. If Turner is the man, let him rally to him, if Boone is let him rally to him, but if the former, then to the old Democratic party, but to the old Democratic party, the former wants a plan and a way to reunite all dissident democrats. We feel it duty, and even the right, to speak plainly, without fear or favor, with the grand wish for the harmony of the Democracy of this district, in view. Does the candidacy of Boone or Turner, or both, contribute to harmony or dissension? Are the people more interested in the individual advancement of these gentlemen than in the harmony of their party? These are questions which are occurring to thought, and the 5,000 democratic voters of the district who did not vote in the last race, have a right to be heard.

Mr. Turner further says he was the chosen representative of the district. His vote does not prove it. For granting that he received a number of democratic votes, (which he and everybody knows is true,) he did not receive a majority of the democratic votes of the district. Here are the figures. He only received, according to his own statement, 5,621 votes, while Gov. McCrory, of the same party, received 5,787 votes less than a majority of the democratic votes of the District. And the same goes for the other candidates. There are any who want to capture 1,000 with the present field, on that proposition, they can add.

X. C.

Boone's friends say that "he is a good, pure, upright gentleman, and a fitful public servant," which is said to be true. Nevertheless, it is now so connected with the disensions of the district as to cause further dissensions, it is for the interest of the party for him to make a smooth race. If the right eye offend thee pluck it out!

TURNER'S friends say that "he has given a life's devotion to the Democratic party, and that he has always fought our political battles and other respects the rewards," which is granted to be true. Nevertheless, does his present candidacy tend to produce harmony or discord, union or division in the ranks? If they left eye offend thee pluck it out!

HENRY HOUSETON, the Republican candidate for Congress in this District, served four years in the rebel army, and so far as we know is a gallant soldier. Some of the friends say that this is the "Bloody shirt" he proposes to shake at the old politicians who rallied him and others to the traitor's side, and then suddenly stayed at home! And this from a Republican!

A CASE OF MEDICAL JURISPRUDENCE.—The Supreme Court of Iowa, in the case of a doctor charged with manslaughter, brought up on a writ of error, decided that a child can not be said to have lived until it has breathed. In brief, respiration is life; its stoppage, death. Should this opinion generally prevail many proto-socialists will escape just punishment.

The New York *Graphic*, a Republican paper, has made up a Cabinet for President Tilden, as follows:

Secretary of State—Charles Francis Adams, of Massachusetts, or Atwood G. Thorne, of Ohio.

Secretary of the Treasury—W. R. Morrison, of Illinois, or Andrew H. Green, of New York.

Secretary of War—Gen. W. S. Hancock, of Pennsylvania.

Secretary of the Navy—Montgomery Blair, of Maryland.

Secretary of the Interior—Henry W. Atterton, of Kentucky.

Attorney General—Ex Gov. Walker, of Virginia.

No Belknap, Delano, or Cameron's in this.

The story that Hayes was never defeated is all bush. Henry R. Banning, detained him for Congress in Cincinnati by a vote of 11,034 to 9,532.

**CLINT RANDLE.**  
The Courier "Eating Diet."

From the Paducah News.  
The people of Fulton county seem determined to put Mr. Clint Randle on the track as a Congressional candidate whether it is his wish or not. The following in regard to this matter we find in the Hickman Courier:

There is a movement on foot in this county to organize a Clint Randle Democratic club to be composed of Democrats determined to vote him in. For the time being, however, for him to be put on the track as the consequences of whether Randle is a Democrat or not. The people of this county, our citizens, are anxious to know what our friends and foes of those ascertain their intention to keep us as long as possible in the present Congress. Some of us believe that it is too unlikely for a candidate to be elected for a term of three years.

The Courier is fond of "eating dirt" and it will call it so when such men as Tilden and Hendricks, are discussed. Our position in favor of hard money, and subordinating all other questions of "reform," natural money, to Tilden as our first choice. Let us understand that, the Courier honestly thought that Tilden or some one else was more President material, especially when Oscar Turner, and so on, was on the scene.

Mr. Randle is undoubtedly one of the most talented and popular men in the First District, and we frequently hear his name mentioned in connection with Congress. We have also heard it remarked that the reason he held back from becoming a candidate was that he would not offer any obstruction to the re-election of Judge Boone, who is his friend. We also know that in certain quarters, the claim is made that the indecision of the Republi-

cans has caused a great deal of struc-

ture here when the Legislature adjourned.

Good—have a special tool, I have been using it ever since it was invented, sometimes agreeing with it perfectly, charmed with its bold dash of individuality, and its rackety ways, but too unclean for a decent place to live in.

Let the East and the West, build upon the great question of rag money or paper money. If they will, but the fundamental principle in this question is "take a kid and you can get it" and to be like little heroes.

There seems to be a very hopeful and decided improvement in the business circles within the last few days. The prospects of remunerative crops, and of an early revival of trade are of course the chief causes at work.

The last Legislature abolished the May elections in this state. Bear in mind that your constables and magistrates are hereafter chosen in August. This August constables will be chosen, and magistrates if vacancies exist.

Murphy, of the Fulton Times, is a clever man, a talented man, and an amiable man, but cannot tell him that he is not always to enjoy single instances. Indeed, the tone of his paper indicates that he is under divine influence. May the Goddess bend lovingly over his lot, and develop and perfect his inspiration.

The next thing to be discussed is the grand campaign Democratic Basebom at Hickman. Dan W. Veerless, while attending the National Democratic Convention at St. Louis, promised conditionally to make use of Hickman, during the present campaign. If he will let's give him such a barbecue and a nice crowd, as was never before seen in Southern Kentucky. "Boys to the front."

**GRAYSON SPRINGS**—This popular Kentucky resort, where visitors are so kindly welcomed at the golf field, ironed way, situated on the Kentucky River, is the most popular and most popular, and the indications are favorable for a large gathering of people from Kentucky and the South. When dinner was announced the people arranged themselves around the boudoir tables as orderly as at home. Too much praise cannot be awarded the ladies of Hickman and vicinity for their unequalled attractiveness and politeness.

**EXIT JEWEL.**  
Grant Forcing History Men to Resign.

**BARING ROBBERY.**  
EXPRESS TRAIL STOPPED.

Grant is removing all the officers, of high or low degree, who manifested any independence of spirit in the affairs of the country at storm. First came the axe on Bristow, and then on Bouton Wilson, Yarham, Dyer, Pratt, Post master General Jewell, and other lesser lights.

A few days ago Postmaster General Jewell, being asked about the report that he intended to resign, laughingly replied that so far from resigning, he intended to remain in his place until the end of the present administration.

Thursday he called in the President to transact some business, and Grant informed him that his resignation was wanted.

There was no cause, other than political, for this or the other removals.

The Postmaster Generalship was given to Indiana, because every inducement needs to be brought to bear to give Hayes an advantage in his struggle against Grant and Hendricks.

Hayes' friends, of course, and Randolph, Thresher, of Vicksburg, say the Democracy is out of every Southern State, save, possibly, South Carolina, and Louisiana. If this is true, it is to Packard and Kelley, Davis, and North Carolina, however, succeeded. The test will be very close in his State.

The Radical are forming a second political organization called the Anti-slavery Alliance. It sounds strongly at "Know Nothing." But then, you know, Mr. Hayes was a leading member in the old Know Nothing party.

**ON ISSUE.**  
Same say there is no issue between Brown and Parker, and the following article excepts from Brown's article in reply to some inquiries or statements in Parker's circular. This struck me like one like one:
